

EXILIM EX-ZR200

HIGHLIGHTS

Quick Response

To enable the photographer to quickly capture different subjects, several photos can be taken successively at intervals of just 0.27 seconds.

Premium Auto Pro

In this mode, the camera automatically detects typical subject scenarios and selects the best settings automatically.

EXILIM Engine HS

The EXILIM Engine HS successfully overcomes every challenge, such as backlight, portrait, landscape and night shots and difficult lighting conditions, by analysing all environmental elements and immediately optimising your camera's settings.

16.1 megapixels

The CMOS chip with 16.1 megapixels does not only allow you to take brilliant photos, but also edit, enlarge and print out sections of a photo — in outstanding quality and with no loss of image detail.

12.5x optical zoom with mechanical image stabiliser

It's easy to zoom in on those special moments: the 12.5x optical zoom can bring even the most distant subjects right up close, while the mechanical image stabiliser automatically reduces blurring.

24 mm wide-angle lens

The combination of 24 mm wide-angle lens* and 12.5x optical zoom makes the EX-ZR200 the perfect companion for every occasion, providing great scope to capture your loved ones, the most beautiful sights or a romantic sunset.

Full HD videos and HDMI connection

Thanks to the EX-ZR200, you are now able to capture brilliant videos in full HD (H.264) with a resolution of up to 1920x1080 pixels**, 12.5x optical zoom and stereo sound.

Extremely bright, large 7.6 cm TFT colour display (super clear LCD)

In addition to the large viewing angle and a high resolution of 460,800 pixels, the TFT colour display provides above-average contrast, thus assuring an especially clear and sharp image of your subjects.

The **EXILIM EX-ZR200** is available to buy from specialist dealers, shopping centres, electrical goods stores and all good shops.
